If this message continues to display, contact your Canon Customer Support Help Desk as there may be a problem with the lens. Do not use organic solvents such as alcohol, benzine, or thinner to clean the equipment. Do not place anything, such as tablecloths, carpets, bedding or cushions, on top of the battery charger while it is charging. Doing so may cause malfunction or damage the LCD monitor. Be careful not to bang the camera or subject it to strong impacts or shocks when wearing or holding it by the strap. Be careful not to bump or strongly push the end of the lens. Be careful not to cover the flash with your fingers or clothing when shooting. The flash may be damaged and emit smoke or noise. The resulting heat buildup could damage the flash. Under these conditions, revive the battery by warming it in a pocket immediately before use. However, ensure that there are no metallic items in the pocket that could cause a short circuit, such as a key ring, etc. Turn the camera power off before connecting or

disconnecting the AC adapter. Use the following procedures to affix the camera and HighPower Flash to the supporting bracket.

To illuminate the subjects properly, install the flash so that it is up against the side of the camera and parallel with the camera's front panel. If dirt remains, contact the closest Canon Customer Support Help Desk as listed on the customer support list supplied with your camera. Subject to change without notice.Exif Print is a standard for enhancing the communication between digital cameras and printers. By connecting to an Exif Printcompliant printer, the camera's image data at the time of. Actual results may vary according to the subject and shooting conditions. Memory card included with the camera. The cable with the ferrite core provided with the digital camera must be used with this equipment in order to comply with Class B limits in Subpart B of Part 15 of the FCC rules. Should the product cease to function in its intended manner, it should be returned to the manufacturer or be discarded.
